ASHISHYA BARIK

Software Engineer

Itua, Bhadrak, Odisha, India | +91 7377266338 | self@ashishyabarik.site
Personal Portfolio- https://ashishyabarik.site

CAREER SUMMARY:

React.js Developer with over 4.1 years of expertise in building dynamic, scalable, and high-performance web applications. Proficient in front-end development using modern technologies such as React.js, Next.js, JavaScript, HTML5, CSS3, and Tailwind, following responsive design principles. Skilled in state management using Redux or Context API, and experienced in integrating RESTful APIs and GraphQL for seamless data handling. Strong command of UI/UX best practices, component-based architecture, and reusable code development. Adept at optimizing application performance, debugging, and ensuring cross-browser compatibility. Experienced in working with version control systems like Git and collaborating in agile environments to deliver user-centric solutions. Passionate about staying updated with the latest front-end trends and frameworks to create innovative and efficient web applications.

TECHNICAL SKILLS:

- **Front-End Development:** React.js, Next.js, JavaScript, HTML5, CSS3, SCSS and Tailwind
- **State Management:** Redux, Context API
- **JavaScript Libraries & Frameworks:** React Router, Axios, Lodash, Moment.js
- **API Integration:** RESTful APIs, GraphQL
- **Version Control:** Git, GitHub, GitLab
- **UI/UX Design:** Responsive Design, Component-Based Architecture, Figma (for prototyping)
- **Build Tools:** Webpack, Babel, npm/yarn
- **Testing Tools:** Jest, React Testing Library
- **Coss-Browser Compatibility & Performance Optimization**

WORK EXPERIENCE:

Andolasoft Inc.

Software Engineer | 3rd February, 2023 - Present

- Designed and developed web applications from initial concept, site architecture, and wireframes to final deployment, ensuring a seamless user experience and alignment with business goals.
- Translated design assets into component-based, reusable React.js code using HTML5, CSS3, and JavaScript, Next.js, Tailwind, ensuring maintainability and scalability.
- Leveraged a deep understanding of React.js core principles to build dynamic, interactive user interfaces and manipulate state and props efficiently.
- Integrated and configured third-party APIs and services (RESTful APIs, GraphQL) to enhance application functionality and data handling.

Ajatus Software Pvt.Ltd.

Software Developer | 12th December, 2020 –2nd February 2023

- Transformed concepts into interactive design mockups and prototypes using tools like Figma, enhancing user experiences and improving site interactions.
- Collaborated with designers and stakeholders to refine UI/UX designs, ensuring a balance between functionality and aesthetics.
- Built and integrated content management solutions with React.js, enabling clients to manage and update content effortlessly.
- Focused on creating responsive, cross-browser compatible designs to deliver consistent performance across all devices and platforms.
